Harry Potter and the Half-Blood Prince

Company: Warner Bros. Pictures
Director: David Yates
Written by: J. K. Rowling
Genre: Fantasy/adventure/mystery
Classification: Rated PG for scary images, some violence, language and mild sensuality
Runtime: 153 minutes

At Hogwarts School of Witchcraft, and in both wizard and muggle worlds, Lord Voldemort and his henchmen are increasingly active.

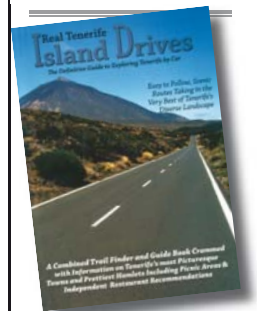

With vacancies to fill at Hogwarts, Professor Dumbledore persuades Horace Slughorn to ditch retirement to take the position of the potions teacher, while Professor Snape receives long awaited news. Harry Potter, together with Dumbledore, must face

treacherous tasks to defeat his evil nemesis. As Harry Potter begins his sixth year at Hogwarts School of Witchcraft and Wizardry, he discovers an old book marked mysteriously, "This book is the property of the Half-Blood Prince", and begins to learn more about Lord Voldemort's dark past. The book helps him to excel in the potions class and teaches him a few dark and dangerous mixtures along the way. Meanwhile, Harry is taking private lessons with Dumbledore in order to find out about Voldemort's past so they can discover what might be his only weakness. An air of foreboding has most definitely settled over Hogwarts. Director David Yates throws the emphasis on the gathering storm clouds even as Harry and his fellow wizardry students make further discoveries involving the opposite sex. The best of the forces of unyielding evil plus moments of comic relief and romantic escape.

Real Tenerife Island Drives

This definitive guide to exploring Tenerife by car by Andrea and Jack Montgomery describes six scenic routes which take you through some of the island's most picturesque towns and prettiest hamlets. They not only take in the very best of Tenerife's diverse landscape but also describe picnic areas and recommend restaurants so that you will not starve on your travels.

This handy guide is for those who want to see much more than the popular sun, sea and party image and discover the history and culture of the real Tenerife. It contains useful information for those not accustomed to driving around the island, more than 100 stunning photographs to whet your appetite and takes you well off the beaten track to corners of the island which, to many unfortunate tourists, remain unseen. Discover how to find tiny settlements perched on the edge of ravines, hidden villages, caves which are still lived in, and a lighthouse which is seemingly at the end of the world. Each route is illustrated in a useful and easy to follow manner and the book is big enough to give you many days of pleasure and yet small enough to pop in your bag.

Costa Adeje

Rock Story

Metropolitan, a new venue for shows, concerts, events and exhibitions has opened at Costa Adeje in the south of Tenerife.

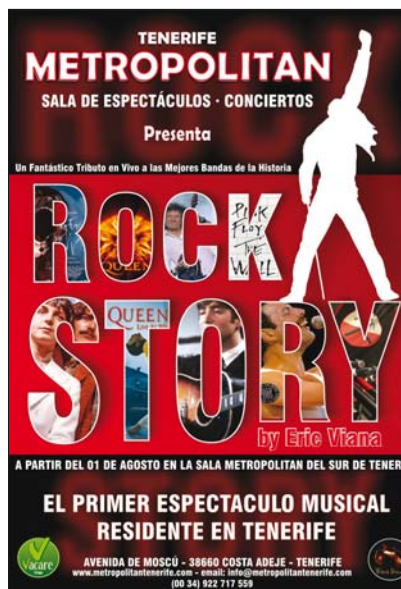

Situated in Avenida Moscú very close to the Hotel Ocean Palace, the Metropolitan has its own private car park for 120 vehicles and there is also a bus stop only ten metres away.

Metropolitan is managed by Grupo Vacare who will be bringing an international musical show to Tenerife. Rock Story is a fantastic live tribute to the major bands of the 60s, 70s and 80s - The Beatles, Pink Floyd and Queen. The two and a half hour show which is

presented in three sections of 45 minutes each, can be seen four days a week from now until July 2010.

Eleven artistes and various technicians from eight different countries are supported by amazing high technology audio visual techniques and constant changes of scenery.

Spectacular robotic illumination which includes more than 40 mobile units, 100 light projectors, various computer controlled lasers and four giant video screens promise to contribute towards an unforgettable show which will be a welcome and popular addition to the entertainment on offer in the south of Tenerife.
