Soccer Experience teams

Canarian team wins the Championship League!

In their first campaign with Soccer Experience the Canarian team won the Championship 7s league convincingly plus promotion to the Soccer Experience Premier league. Captain Yeray and the boys played fantastic football throughout their campaign, they had a goal average of 10 per game, and have one of the season's finds in front man Edgar.

PREMIER LEAGUE

Big Christian Lees, The Living Room side who dominated last season, started in winning fashion destroying Morfitt Properties but their next game was much tougher as they edged out an improved Eclipse Café side with a last minute winner. Taylor's Lounge took on Captain fantastic Blair Macrorie of Exiles Bar and his team in their first game this season. It was goal-packed and a late winner for Taylor's Lounge. They have for the past three weeks been managed by Gary Boyd, winning every game in both Premier and Masters Leagues.

MASTERS LEAGUE SUMMARY

The big news of the fortnight is that the reigning champs Tenerife Warriors were beaten in their opening two games leaving the Masters League open for all teams to challenge. Runners up last season Taylor's Masters, bounced back from losing the Masters and started the season in great form. They have already taken revenge on Warriors beating them 9-1 and with new but almost veteran forward

Darren Chamberlain they might have enough strength to go all the way. Hole in the Wall had a mixed last season but seem to have solved their problems, winning their first two games. There are many challenging teams this season including the new look L.A Masters with captain Shaine who has worked wonders in changing his side, and new boys Exiles Masters and a team of local Tenerife boys from Las Chafiras who have both got wins under the belt. Last season's surprise team had to be Harleys American Restaurant but they have yet to find the same form having tasted defeat already, as have Rushy's team who with Steve on the sidelines to help, will be on the up soon. Starting their season late, Hoops Rovers look promising under captain Kadeinsko. Dreamers Bar, fresh from their championship league experiences and winning promotion back to the Masters League, are full of confidence, this could be one of Soccer Experience's best Masters Leagues yet!

CHAMPIONSHIP LEAGUE

This 7s league is an ideal starting level for new teams just beginning to play football again and very suitable for individuals looking to join existing teams and get playing again at an easier pace.

DO YOU WANT TO PLAY?

Soccer Experience are looking for new players to join existing teams, be it in the new over 35s League starting soon, the Championship League, the Premier League

Stars playing again in south Tenerife 13th, 14th and 15th November 2009!

Great news for local Tenerife football fans as world class, slow-motion

was a huge hit both on and off the field last year and this year, will be accompanied by a galaxy of stars.

Returning football giant Ali Mauchlen will be bringing the hugely successful Leicester City Sky Master's team, once again including former Turkish Internationalist who retired recently from the Premiership, Muzzy Izzet. City must be one of the early favourites in what should prove to be a great weekend of master's football.

Also players from Glasgow giants, Celtic Football Club, The Celtic Legends, led again by Darren Jackson and their team plans to include former internationals Tom Boyd of Scotland, Reggie Blinker of Holland and Johan Mjallby the Swedish giant. Ex Glasgow Rangers stars Bobby Russell and last year's top scorer Big Marcus Gayle are looking forward to playing in Tenerife again.

The return of the legendary Nayim will be of great interest to all followers of English and Spanish football. Nayim is recorded in Spanish soccer folklore after scoring an amazing winner from the halfway line for Zaragoza against Arsenal in the UEFA Cup final. Nayim was truly a joy for all the guys to play against last year and he was a real sport at the Sunday night Q & A.

Many other top ex professional friends of Martin Tierney want to return, but sadly at the moment getting sponsorship is very tough. We hope to find a main sponsor to allow us to bring even more ex stars for the Tournament!

There will also be some specially invited social Maters teams from Northern

Ireland, England and Scotland. Soccer Experience will have its own team again, comprising invited players from Asia and the USA.

One of the real joys of the tournament is the opportunity for several invited local teams to pit their wits against the stars. For many, this is the opportunity of a lifetime and a chance to learn or to beat the true masters of football. The invited Tenerife teams will come from teams who take part in the weekly Tenerife Soccer Experience 7-a-side leagues. These local guys think they are preparing to play in their annual World Cup!

There are even sponsored opportunities for two players to compete not only against, but with the stars, a unique feature of this Tournament. Can you imagine fulfilling your boyhood dreams to play with a former Turkish Internationalist, Glasgow Celtic Legends or even play defender in front of Bruce Grobbelaar?

The tournament will take place on Friday 13th, Saturday 14th and Sunday 15th November at the quality Adeje Las Torres Sports Complex just off exit 79B on the TF1 with entertainment provided for the whole family all weekend.

The Sunday evening awards event will be very special as it gives the general public and players the opportunity to ask questions directly to the stars about great moments from the past, for example is Nayim on David Seaman's Christmas card list? Or Bruce, "why did you wobble your legs in the penalty shoot out of the European cup final"? Come along and watch a whole weekend of top ex professionals playing football and join the fun!
