Flying start for over-35s league

Soccer Experience's over 35s league has finally kicked off, seeing the real masters of the game in full glory! In an action packed week the over 35s supplied us with non stop slow motion action and plenty of goals.

OVER 35s ROUND-UP

The first game of the season was between Exiles Veterans and a strong Morfitt Rentals side.

This was a tight encounter with both sides out for the perfect start. Exiles bar captained by brothers in arms Blair and Callum Macrorie have made huge improvements of late and now have the look of a real football team. They held on to a slender lead throughout the game and stayed organised to win 8:6 with forward Shammy claiming a handful of the goals. Second up saw Phil's Grandee O'Donnells boys take on new boys Stringfellas in another game which didn't disappoint with plenty of goals and great almost not slow motion football. Grandees just nicked it 10:8 but real credit must go to Stringfellas for a great show as they are sure to get better under Captain Steve as the weeks go on. Last up saw the two early season favourites go head to head, L.A. Veterans under Captain Shaine Hope and Ironcraft led by inspirational (some would say Grumpy) Captain Darren Kemp. This was a game that had it all - great goals, wonderful football and the odd goal keeping error from Ironcraft's stand

Dreamers United

in goalkeeper! L.A. Veterans, newly formed this season, had a little too much on the day and went out winners 9:7.

Big congratulations must go out to all teams in making a success of the first week, putting slow motion football firmly on the map.

PREMIERSHIP ROUND-UP

With only three games gone the season is really heating up and Taylor's Lounge are grasping it with both hands, a great win for them over the newly promoted Canarian team sees them take top spot in the league and with Gary Boyd on great form and captain John Parkes hitting the back of the net amazingly three times.

They look in a strong

position yet again. Christian Lee's The Living Room side were knocked off the summit by Blair's Exiles Bar in a great game, The Living Room went 17 matches undefeated last season but to be beaten so early will give hope to all for a tight title race. Exiles Bar are looking stronger with every game and under captain Blair's guidance along with some good play from Dean Wise and others they are sure to make a good challenge. Morfitt Properties who are beginning to find strength after losing their front man Edgar in the transfer window are putting in some solid performances and will improve even more as the season goes on. Special mention must go to Nico, Cholo and Sergeant Major Larry who are making it very tough for other teams to score against them. The Jones boys of Eclipse Café Callao are now building a team that is putting in some

good performances and they had great comeback in their last match to draw with Morfitt Properties 5 - 5.

MASTER'S LEAGUE SUMMARY

With four games gone the Masters is really heating up with Taylor's Masters leading and in probably their best ever form with goals coming from every member of the squad with four wins out of four games.

The favourites are looking good to make up for last season's disappointment. Hole in the Wall also have made a great start winning their opening four games in style and with Captain Keith Valentine at the helm there will be no slip-ups in

the chase for top spot. L.A. Masters lie in third place with some great performances of their own. Captain Shaine has made lots of changes this season including possibly the most improved player in Paul Connelly playing so well and it has done the trick as they look to challenge for the top spot. Morfitt Masters lie in fourth position after some great results climbing the table with every game they play, new addition Lyden Smithers is chomping at the bit. They have great strength in his squad with Nico recruiting some quality players. New to the Masters League this season are the Chafiras FC team who are making great strides early on and with captain Neme they look to push the leaders all the way this season even notching up a win against reigning champs Tenerife Warriors with only six men! Exiles Masters and Hoops

Rovers have had decent results already this season and will be looking to build from them. Looking to find form we have Tenerife Warriors, Dreamers United, Harleys American Diner and Cold Flow. All are still looking for their first win, all four teams are full of experience and will surely be picking up points very soon.

THE CHAMPIONSHIP LEAGUE:

This league is ideal for players and teams who have not played for a while and that are wanting games at a slightly easier pace so they can build up fitness and level of play.

The new season is about to get started and we are delighted to announce our very first Argentinian team led by their very own Maradona (a.k.a. José)! Already with their first friendly game you could see some real South American skills from the team and Soccer Experience are truly thrilled that we now have Spanish, British and South American teams within the various leagues!
