Soccer Experience teams

League news

It's been a terrific two weeks for Soccer Experience 7s with all four leagues in full flow, bringing us wonderful goals and some very enjoyable football. We've had new teams causing upsets and old teams showing their experience and some games worthy of a Soccer Experience classic label.

PREMIERSHIP

Big Christian Lee's The Living Room side had a good two weeks holding on to the top spot with two terrific wins, outclassing their opponents and their fire cracker Kyle was in blistering form; they look strong favourites to hang on to the title taking wins off Taylor's Lounge and the struggling Canarian team. Blair's Exiles Bar from Silencio are hot on their heels making no mistakes with two back-to-back wins over Morfitt Properties and Eclipse Café making them the in-form team with four straight wins as they look to push Living Room all the way for the title.

MASTERS

The surprise package this season is table toppers Hole in the Wall who are in wonderful form taking another win off the ever improving L.A. Masters team. Captain Keith Valentine must be proud of his side making little changes to the side from

Hole in the Wall, currently top of the Masters league

last season. They seem to have taken their game to another level winning five out of five. Sitting in third place are new boys Chafiras FC who have had a great season so far beating reigning champs Tenerife Warriors and Taylor's Masters making them real contenders this season. Morfitt Masters, Exiles Bar and L.A. Masters all sit in joint fourth after a good start each team needs only to find a little more consistency to push for top spot and all three have enough quality to move further up the table over the coming weeks. Tenerife Warriors lie just behind with Lee Martin having a new look side they are just now beginning to find the form that won them the league last season. Hoops Rovers sit just above the bottom three but

their results don't tell the full story as each game has been well fought narrowly missing out on wins by the odd goal, with their spirited and grumpy captain Kade working hard in the transfer market they will soon be moving up the table. Sadly Harley's American Restaurant have struggled so far to find the same form that took them to a fourth place finish last season but with Ginger Greg and Croatian Gogo and very Hairy Brian they will hopefully turn their season around soon.

CHAMPIONSHIP

New boys Villa Mitre are off to a flying start with two wins out of two they look the team to beat scoring goals for fun and look

real contenders to win the league. Following in their footsteps are Hoppy's Cyril's Creations team who are looking to go one further than their runners up spot last term recording back-to-back wins in their opening games and with young Craig Allen in the form of his life it could be their season. Fresh off the mark are the House team (mixture of individuals that were looking for a team) who recorded a win in their first game with a last gasp winner from striker Lyden Smithers beating Zurich Spartans 5:4 at the death. Zurich Spartans have had an up and down start so far with new captain Graeme but have a good mix of very young and fast with some slower experience to move up the table.

OVER 35S

Shane Hope's L.A. Veterans have been in terrific form and deservedly sit top of pile after recording another win. They have goals coming from all over the park, and with the form of Big Lacey and mad hatter goal keeper Johnny it's hard to see them being defeated having notched up three wins out of three. Hot on their heels are Exiles Veterans who are also undefeated. Exiles had to show real character this week to come from 3:1 down to snatch a win at the death in true contenders style. Darren Kemp's Ironcraft services team sit in third position and seem to be gaining strength with every game as they recorded a convincing win over Taboos Bar. Ironcraft showed some clinical finishing from striker Satellite Dave and big Billy Ions scored his first hat trick since his school days! Taboos will be looking to bounce straight back from two defeats this week, with Captain Phil calling the shots and bionic leg striker Darren they're sure to turn

DE COTTA MCKENNA & SANTAFÉ
English Lawyers and Spanish Abogados

their form around. Morfitt Rentals and Stringfellas F.C. make up the bottom two with both teams still looking to get off the mark, with many experienced players in both sides their first points can't be far away.

Hear your name on Adam's radio show

For the attention of all Soccer Experience players and football fans on the is-

land listen in to Sunday afternoons with Adam on Coast FM Tenerife 89.2 and 89.7 FM. or on the internet at www.coastfmenterife.com, click on listen live. Adam plans to cover all the leagues on his show and advise on all the latest scores, scorers, news, players and teams of the week and will soon carry interviews from a week of Soccer Experience 7s play from 4pm on Sundays.

International Masters Tournament

The Saints are marching in!

Soccer Experience International Masters tournament in southern Tenerife 13, 14 & 15 November 2009.

Soccer Experience are delighted to announce that it is looking very likely that the ex-Southampton legends team will be coming to play in this year's International tournament. Martin Tierney of Soccer Experience has played against the ex-Saints in an elite Masters tournament in Hong Kong over the last couple of years and the Southampton boys have told Martin that they are thrilled to be coming this year to try and take the title away from Leicester City's ex-stars! The Saints team that plans to come will include, David Howells, ex-Wales giant Goalkeeper Paul Jones, Rod Wallace, Jimmy Case, Russell Osman, Neal Heaney, Claus Lukenvam and another ex-Wales player David Hughes.

In previous tournaments in Tenerife we have brought in some top ex stars from the past like Bruce Grobbelaar, Mark Walters, Muzzy Izzet, Nayim and many more! Make sure you and your family join us over the full weekend of 13, 14 & 15 November at the Adeje 7s stadium for this wonderful and very enjoyable event where you will get to see some ex top star names playing against local Tenerife lads and some other social teams flying in just to play in the tournament!

Special sponsorship

If there are any Southampton fans out there and they wish to be around the guys all weekend by being in the squad or on the bench for the team they can personally sponsor the team or get their business to do so through Soccer Experience. We realise that economic times are tough but to put on an event like this on the island needs your support so please do not hesitate to get in touch with Soccer Experience if you would like to be the tournament main sponsor or part sponsor any of the stars coming in and / or to publicise your business at the weekend event. Please call or text: 654200470 OR email: soccer@soccerexperience.com.

More information on this year's tournament which is just over a month away is available via the website: www.soccerexperience.com and in the next two editions of *Island Connections*.
