Soccer Experience 7s

# Ironcraft take the title

The very first Over 35s league with Soccer Experience has reached its final week with the title being decided with a week to spare. The legs might not be moving as fast as they used to and the backs may well be creaking throughout but despite this Daz and Dave's Ironcraft side have prevailed as true champions.

## OVER 35S LEAGUE SUMMARY

Exiles Bar went into their second to last game knowing that only a win would keep their title ambitions alive and they knew they were up against it as Ironcraft also knew a win would wrap up the league for them with a week to spare.

From the offset Ironcraft took control with danger

man Dave Cheetam soon adding to his ever growing goal tally giving Ironcraft a 4:1 lead at the break. Blair's Exiles team rallied in the second half and drew level showing the true spirit in his side but Ironcraft finished much the stronger in the last 10 minutes and finally went out winners 7:4. L.A. Veterans are finishing with a great run of form as they beat a battling Taboo's team to nip into second place behind

Ironcraft. L.A. Veterans have strengthened their squad over the last few weeks and with captain Shane ringing in the changes they're sure to be in with a real shot in the next campaign.

Morfitt Rentals are another of the sides having had a great season with some great performances of their own and if gaffer Lee Morfitt can get some consistency in his side they also will look to put in a real

challenge for the title next time out. Big Phil-s Taboo's team along with Stringfellas FC have struggled in their first season but have shown real improvements in the last few games and will look to build off that in coming weeks.

## CHAMPIONSHIP SUMMARY

José's Villa Mitre side have led the championship from the get go and as we reach the half way point in the season they still hang on to top spot with another great victory over the ever improving I.C. Media team.

Hot on their heels are Cyril's Creations who are closing in on them. With only a handful of goals keeping Villa Mitre top, Cyril's Creations have gone from strength to strength in the last two weeks with a great victory over the leaders and a demolition of Zurich Spartans. Given such form it's hard to see anybody stopping them.

With the top two relentless in their quest the chasing pack are struggling to keep pace with indifferent results across the board. Tenerife Solicitors have drawn the last two games dashing their

hopes of closing the gap and IC Media have made huge steps in recent weeks but have only managed to gain a point from their last two games. Lee's Pueblo Torviscas team have picked up a win and a loss as have Rob's Dreamers Hotspur side. The chasing pack all need a little consistency to have any chance of catching the run-away leaders but with some very experienced captains at the helms they are sure to do so.

## MASTERS LEAGUE SUMMARY

Keith Valentine's Hole in the Wall side still sit top of the league and remain undefeated in what could be a record breaking season.

Do we dare say it – will they have an undefeated season? With only three games left, who knows? Close on their heels are John Parkes' Taylor's Lounge masters who kept their challenge alive with a hard fought victory over Palms Restaurant narrowly winning 3:2. Blair and Callums' Exiles Masters stay in third position despite losing a great game to Morfitt Masters 7:6 missing out on a chance to push for second spot.

## A record breaking season for the Hole in the Wall side

L.A. Masters closed in on a top three finish with another great victory over Lee Martin's Tenerife Warriors winning a very tough game 4:3 despite a great fight back from Warriors. At the back end of the table, Rob's Dreamers United managed a great win over Morfitt Masters, deservedly winning 4:2 despite their forward James missing an empty net with his head from little over two yards out - by far the best miss of the season! Harleys American Restaurant finally got their first point of the season, long overdue to all that have seen them play!
