The Soccer Experience 7s

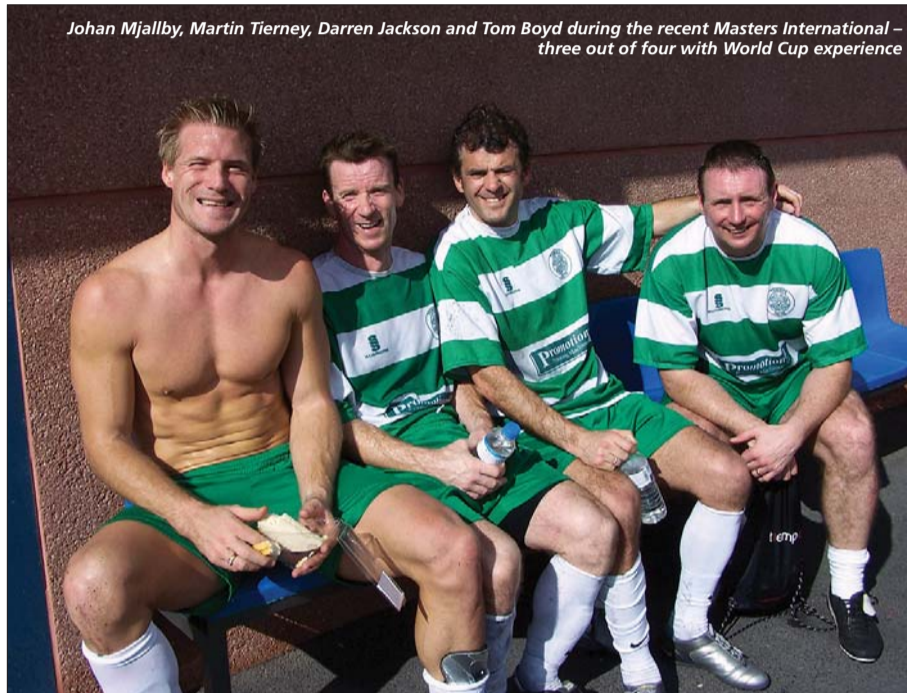

World Cup 2010 is coming to Tenerife

Soccer Experience, Tenerife's local soccer 7s provider is to hold its very own World Cup 7s in the south of Tenerife during the actual South Africa World Cup!

Every year Soccer Experience holds its International Soccer Masters tournament which has included guys who have played in the real World Cup, including Darren Jackson, Scotland's Tom Boyd, Turkey's Muzzy Izzet, Jamaican player Marcus Gayle and an ex World Cup captain Johan Mjallby of Sweden! Just thinking that these guys have actually played in Tenerife recently in the Soccer Experience Masters tournament is amazing but Tenerife's local 7s players now want their own World Cup!

There is already a large amount of different nationalities playing within the local weekly Soccer Experience 7s leagues, and the teams will now represent the following regions in this extraordinary World Cup.

Villa Mitre will represent Argentina proudly, there will be a Scandinavian team who are mainly Swedish but will include some players from Denmark and Iceland, of course there will be a few strong sides from Spain, and Italy can also provide a team thanks to the Keondas Restaurant guys. The resident Bulgarian Pepe thinks he can pull together a Bulgarian/Romanian team, the Rodeo restaurant could provide a team from Brazil and there will also be teams from England, though the big question is who will be selected to represent the Veteran English team led by the likes of Lee Morfitt, Tolf, Grumpy Darren and Satellite Dave and who will make the cut for the younger England team? Maybe guys like John Parkes or brothers in arms Adam and Kade or father and son Jason and

Johan Mjallby, Martin Tierney, Darren Jackson and Tom Boyd during the recent Masters International – three out of four with World Cup experience

Cyril's Creations, definite title contenders

Mitch Tucker! Ireland could be led by Rhodri Jones, Fergal Flaherty, Damo of Taboos and L.A. Veterans Paul Connolly and a few other green men! Hopefully we can pull a Welsh team together from Dreamers Kevin and any other secret Ryan Giggs who might be out there? Surprisingly the mighty Scotland who will be playing in their first World Cup since Darren Jackson and Tom Boyd did it against Brazil in France 1998, might be one of the hot favourites with Blair and Calum Macrorie along with scoring machine Gary Boyd and a few other Bravehearts!

We will be holding the tournament over two

Saturdays during the World Cup in June with the exact dates to be confirmed in the coming weeks so if you are interested in winning your first cap playing for your country then join our 7s leagues now and get ready for the first Soccer Experience 7s World Championship in June!

So to all footballing fans, especially Germans as we need you to beat England at penalties, or if you are of any different nationality whether you were born there or have a distant cousin from that country and would like to represent them in the Soccer Experience 7s World Cup, please contact us by sms or call asap on: 654200470 or by email: soccer@soccerex-

7S MASTERS LEAGUE SUMMARY

Exiles Bar, Silencio sit top of the pile for the second week running after yet another impressive win with captain Blair pushing the boys for the top spot this season, they took on new boys Arnies bar who after only a few games are proving themselves a hard to beat side. This was a very

open game with chances going begging for both teams, but it was Exiles who ended the game being more clinical in front of goal, winning the game 6:3.

A mention must go to Tomas, the Arnies goal keeper, for some heroic saves to keep the score line down. Lying in second place are John Parkes Taylor's Masters who took on Spanish Style who are also new this season and thus far were unbeaten and were looking impressive, but Taylor's, who have finished second in the past three Masters leagues are vastly experienced and with some great finishing from on-form captain John and also a double penalty save from keeper Damian Dinsmore ran out winners 8:4. Andy Seniors Harleys American restaurant sit in third place after another win in their comeback season after just one victory, though they did have to dig deep to grind out this one with Tenerife Warriors winning 5:4. Lee's Morfitt Masters side won their second game of the season in a very tight game against the all Italians Keondas with chances either end. Morfitts managed to hang on throughout the game to finally get a 2:1 victory. Reigning champions Hole in the Wall got their season back on track with a convincing win over struggling Dreamers United winning in style 9:4.

CHAMPIONSHIP 7S LEAGUE SUMMARY

In the two-way battle, top of the league Jose's Villa Mitre side suffered a minor setback this week only managing to scrape a draw with courageous Dreamers Hotspur giving Cyril's Creations fresh hope in the title race. Cyril's themselves had to work hard for a victory as the Rachael's

Motors team pushed them all the way, only to concede in the dying minutes to Cyril's delight, making way for a huge game looming where Cyril's will play Villa Mitre in what looks to be a title shootout, winner takes all. Battling for third position Pueblo Torviscas are just starting to hit form at the right time with another crushing victory over struggling Zurich Spartans. John Green's Direct Telecom side moved off the foot of the table for the first time this season with a great victory over Rachael's Motors, coming back from 2:0 down to win the game 4:3 and hopefully now the win will kick start the rest of the season for them.

OVER 35S LEAGUE SUMMARY

Top of the Over 35s are L.A. Veterans who are in terrific form this season destroying all that has been put in front of them and this week was no exception taking on a very under strength The Pub, Torviscas team and winning in style.

Morfitt Rentals lie in second spot after a great start to the season and picked up another three points this week with a great win over Calum's Exiles Veterans team, with some great finishing from big Jason Tucker and Coast FM's Adam they won the game 6:3. Daz and Dave's Ironcraft team have also started to hit form, as the reigning champions they had to show their champions' spirit to fight to the death to beat a very tough I.C. Media Veterans team who themselves are just starting to find their feet in the league. This was one of the games of the week with end to end action, great goals and great misses, Ironcraft just snatching victory at the death to win the game 7:6.
